

**ST VINCENT'S
PRIVATE HOSPITAL**
FITZROY

A FACILITY OF ST VINCENT'S HEALTH AUSTRALIA

BULK BILLED FAST ACCESS ECHO TESTS

The Outpatient Echocardiography and Ultrasound facility at St Vincent's Private Hospital offers bulk billed cardiac diagnostic and general ultrasonography services. Appointments are typically provided within a week, with urgent appointments available daily and timely reporting provided back to your office.

Outpatient appointments are available from 7am - 5pm Monday to Friday.

Services are open to all patients: Private Health Insurance is not required.

ECHOCARDIOGRAM SERVICES

All echocardiogram services are bulk billed.

- Transthoracic echocardiograms
- Exercise ECG's
- Exercise and Dobutamine Stress echocardiograms

ULTRASOUND SERVICES

Ultrasound services are also bulk billed, with no examination splitting, so the whole test is completed at one appointment.

- Vascular: carotid renal, lower limb arterial and venous studies
- Arterio venous malformations
- Abdominal (upper and pelvic), liver density and fibrosis studies
- Small part scanning
- Muscular-skeletal
- Exercise and resting ankle brachial index
- Varicose veins
- Pelvic incompetence

All urgent medical findings will be called through to the referring doctor.
